Dr. Mintie's Nephreticum.
Dr. Mintie's Nephreticum works wonders in all cases of Bright's Disease, Kidney, Bladder and Urinary Complaints, or Retention of Urine, these troubles are entirely cured by the Nephreticum. Female Weakness, Gravel, Diabetes, pain in the back side and loin are cured when all other medicines have failed.
See what the Druggists of Portland and San Francisco say about Dr. Mintie's Nephreticum and English Dandelion Pills:
"We have sold a large amount of Dr. Mintie's medicine; the English Dandelion Pills; also the Nephreticum, and in all cases they are highly spoken of and give entire satisfaction."
John A. Childs, Druggist, Second street, Portland.
C. H. Woodward & Co., Druggists, corner First and Alder street, Portland.
Messrs. Abrams & Carroll, wholesale, Druggists, Nos. 3 and 5 Front street, San Francisco, say:
"We regard Nephreticum as the best Kidney and Bladder Remedy before the public." All Druggists keep these medicines.
For all derangements of the Liver, Use Dr. Mintie's English Dandelion Pills.
For Biliousness and Dyspepsia, Use Dr. Mintie's English Dandelion Pills.
For Fever and Ague, Use Dr. Mintie's English Dandelion Pills.
Every family should keep the English Dandelion Pills on hand.
Dr. Mintie's Remedy will not "Cure all Complaints," but will, if taken according to directions, give immediate relief and perfect a cure in all troubles for which they are recommended.
Jas. E. Smith, U.S. Marshal, Agents.
Morris Schwan & Co., 19 and 21 Post street, San Francisco. Oil Paintings, Water Colors, Engravings and Frames, Velvet Frames of every description for cabinet pictures. These elegant goods are of the choicest description and are the latest productions of some of our most eminent artists. A free Art Gallery connected with the establishment contains the finest pictures in the city, and some of the finest in America. The latest productions of the best artists in the city go directly from the easel to this gallery. Visitors from Nevada are invited to inspect this fine collection. The display of Water Colors, Oil Paintings, Steel Engravings, Panels, etc., is very large and elegant. Artists' materials and every style of Frames to fill the best order.
Samples of Dry Goods.
Mr. Emrich, of Barnett Bros., received a large assortment of samples of all kinds of Dry Goods from one of the largest houses in San Francisco. Goods can be ordered by samples and they will be filled as ordered promptly. The samples consist of Dress Goods from 20 cents on, Cashmeres, Ladies' Cloth, Table Linen, French Calico, White and Light Figured Piques, Check Napkins, and even Black Silk Velvet and Satin. Domestic Goods like Muslins, Sheeting, Spreads, Blankets, Ladies' and Children's Hosiery can be ordered verbally. The prices will suit the present contingency. All goods are very cheap. Mr. Emrich can be seen at C. J. Brooks' Variety Store, a few doors below the Reno Savings Bank.

Having recently withdrawn from partnership, I will open a store April 15th, on the east side of Virginia street, in the building formerly known as P. C. Chase's, with a complete stock of millinery and fancy goods, consisting of all the latest styles, both from New York and San Francisco, thereby enabling me to sell cheaper than ever before. It is impossible for ladies purchasing goods from my store to get anything out of style, as my stock is all new to commence with. The goods need only to be seen, they will tell for themselves. Orders for goods sent by mail or express will receive prompt attention.
Miss Lillian Brown.
Money no Object.
Before calling on these one-horse shops, come and see me in regard to prices. If you want a few hundred feet of water pipe laid in the ground I don't charge anything for it, or if you desire five or six joints of 6, 8, or 10-inch pipe it costs nothing. All my men are in good easy circumstances, therefore charge me nothing for labor, and, in a word, I work for nothing, board myself, and find material. Money is nothing, custom is what I want.
J. M. Thompson, 100 Virginia street, Reno, Nevada.
A Card to the Public.
My object in opening in my present location is to convince the public that although without competition, I will furnish the same class of goods, at the same figures as before the fire. I have on hand first-class clothing, blankets, quilts, gaiters, furnishing goods, hats, caps, trunks, valises, &c. &c. Remember the White House, No. 158, Virginia street, corner of Second.
ABRAHAM BROS. & CO., Successors to E. Abraham.

To all who are suffering from the errors and infidelities of youth, nervous weakness, early decay, loss of manhood, etc., I will send a recipe that will cure you. FREE OF CHARGE. This great remedy was discovered by a missionary in South America. Send a self-addressed envelope to the Rev. JOSEPH T. LEMAY, Station D, New York City.
For the Sufferers.
B. Jacob returned this morning with a large and varied assortment of piece goods and tailors' trimmings, which he will make up at his usual low rates. Now is the chance for the sufferers to get good clothes at a bargain. He has put up a small building opposite Funderburk's hotel and shoe store, on Virginia street, where he can be found.

IS IRRIGATION INDISPENSABLE?

When the American landed in California he found the vast plains lying in their primitive wildness, and for several years it was the universal belief that no crops would ever grow. Even when it was found that with irrigation the soil was productive, no one ever thought the whole country would raise grain without artificial aid. It was looked upon just exactly as outside lands are to-day in Nevada. It is our firm belief that there are tracts of land in this state that will produce good wheat, barley, and grasses, and bring them to perfection without a bit of artificial irrigation. We believe there are other and far larger tracts that will, if plowed deep and sowed in the fall with wheat or barley, grow good hay. Of course, we hear at once the cry of "Nonsense" from those who see that this is not done now. The mass of humanity believe to be impossible whatever has not been done for a couple of hundred years before their time. To such we simply say, look at Frank Dickinson's fields of wheat in Winnemucca valley the first time you go through to Oregon. He has raised twenty bushels to the acre for fourteen years, without a ditch. Look at Chamberlain's barley patch on the Susanville road, or, better still, look at a little piece of wheat just east of the bridge this side of Verdi, town last fall by M. Benitz. It is strongly rooted now and will make good hay, although it has never been wet except by snow and rain. Lemon's valley, Spanish Springs valley, and many fine pieces of land in the country have patches that need only the industry of an intelligent farmer to make them productive and valuable. We look with the greatest interest upon all experiments in this line, and would be glad to be informed of the results. If such a possibility can be established, Nevada has little need to regret the exhaustion of two or three Cattlestocks.

THE CASE OF R. E. PARKINSON.

C. S. Varian, U. S. district attorney, publishes the following card in the Carson Appeal of yesterday morning in regard to the case of R. E. Parkinson:

Eds. MORNING APPEAL:—In the Tribune of last evening appears an article relative to the case of the United States vs. Richard R. Parkinson, charged with offenses against the registry and naturalization laws of the United States. I assume that a son by law is justified in supporting and defending him who gave him life. I find no fault with E. J. Parkinson in that respect. Guided by all law, it is the duty of the child to honor the parent. Nevertheless, in the truth lies the justification. Mr. E. J. Parkinson, in his statement on his appeal from the United States district court to the newspapers, has intentionally and unreasonably misrepresented the facts and deceived the public. Pretexting against the jurisdiction of the newspapers, nevertheless, I now publicly assert, over my official signature, that I am prepared, now and hereafter to prove the charges against Richard R. Parkinson.

C. S. VARIAN,
United States Attorney.

EDITORIAL NOTES.

An impromptu mock auction sale of women was amusing and profitable, at first, in a Kachin (Wia) church fair. The young men bid liberally for the attractive girls, and it was all very funny indeed, until an angry but influential sister was put up. The auctioneer was compelled to knock her down at 25 cents, and she was so angry that she put on her things and went home.

The San Francisco Exchange comes to us this morning illustrated with cuts of De Young and Kearney. This is the last shot in the Exchange's attack, and if it doesn't fix De Young and Kearney, then they are invulnerable.

A late dispatch says Kearney has fled the country and De Young is a raving maniac.

The Democrats have an incentive to defeat the new constitution from the fact that it vacates the seats of all the hold-over members, of which they have a majority of four. The Republicans have a majority of four. The Democrats have a majority of four. This is an element in the battle to which politicians are awakening.

Ex-Judge William Carter of St. Louis, lately made the following strange utterance in defending a client:

"The low fellows who framed our

state constitution dared not give a man liberty to vindicate himself on the field of honor."

The Stock Report says: Prof. Swing, Chicago, utilizes the telephone in making pastoral calls. Now if Boecher had only adopted that plan how much trouble he might have saved himself.

An Irishman is on trial in San Francisco for personating the Savior. This reminds us of what a man once said, "that an Irishman killed the Saviour, and threw him over in a Jew's yard."

If the Zulus would only emigrate to Kansas, too, England would be quite happy.

The governor of Maine receives the princely salary of \$1500 per annum.

LATEST NEWS.

A dreadful coal mine disaster is reported near Mons, Belgium.

The Chinese question is being agitated in the Dominion parliament.

Terrible accounts of the ravages of the plague and famine in Morocco are being telegraphed.

The Russian government is thoroughly alarmed at the movements of the nihilists and thousands of arrests are being made.

A syndicate, composed of nineteen banks and banking firms of New York and Boston, made a bid yesterday for \$150,000,000 of four per cent. bonds and \$40,000,000 of funding certificates.

A tornado swept through the lower part of South Carolina yesterday, causing great destruction to life and property. In the village of Walterboro more than 100 houses and all the churches were swept away, and fifteen persons killed and many wounded.

At Hastings, Nebraska, the other day, the jury in the Olive murder case returned a verdict of guilty of murder in the first degree against Olive and Fisher, and the judge sentenced them to imprisonment for life at hard labor.

Large numbers of colored emigrants from the south have arrived at Wyandotte, Kansas, within the past few days in entirely destitute circumstances. They are occupying the churches and public halls of that place and many of them are sick and dying from want and exposure.

Military Matters.

[N. Y. Sun.] Side by side with the recovery of her prosperity, France has kept in view the recovery of her military position. Out of a population of 37,000,000, about 704,000 men are in the active army, 510,000 in the reserve, 582,000 in the territorial army, and 625,000 in the territorial reserve—making a total of about 2,400,000 men, all of whom have received some amount of military training. Besides these, there are about 1,380,000 men who, though nominally belonging to the army and liable to serve in certain contingencies, have received no training. Against these figures the Germans have to show in the active army 401,000, in the reserve 500,000, in the landwehr 580,000, and in the landsturm 1,680,000—making in all 2,561,000 men who have received some amount of military training. In cavalry the Germans have the advantage, the figures for the two countries being 91,000 men and 70,000. In artillery the numerical advantage is with the French, the figures being, for France 2,442 guns, and for Germany 2,124 guns. The immense drain of labor which the maintenance of this army must impose upon France is in addition to, not in lieu of, a drain of money. The army estimates now reach \$142,500,000 yearly.

American Deadheadism.

Ex-Gov. McCormick, the chief commissioner from the United States to the Paris exposition, tells the Washington Post that the Yankees pleased the Europeans with American scales, watches, locomotives, anthracite coal and machinery. It appears, too, that our exhibit of deadheadism caused astonishment, for he says: "The officials were overwhelmed by crowds of commissioners who came over and made demands of tickets and social privileges, and greatly puzzled the French officials, who could not imagine why they should be so numerous. The law provided for the appointment of twenty additional commissioners. These twenty commissioners were created, two from each state, appointed by the governor and confirmed by the president. Then it was decided that each state and territory might send as many as it pleased, and governors made out blanks accordingly. Such a cloud of witnesses made confusion, which the French government finally reduced to order by deciding that they would recognize only those appointed by the president."

A Terrible Tornado.

CHARLESTON, S. C., April 16.—Last evening a violent rain storm occurred here, which continued throughout the night. Accounts from the interior show the storm began with a terrible tornado, which swept through the lower part of the state, causing great destruction to life and property. In the village of Waterboro more than 100 dwellings and all the churches were swept away. Three-fourths of the inhabitants are homeless. Fifteen of the inhabitants were killed and many wounded. At Oakley all the negro houses were leveled and one negro killed besides many hurt. Similar casualties are reported from various points in the track of the tornado.

Toledo has a wealthy and fashionable shopkeeper. An argument in her defense, as a kleptomaniac, is that she had a prayer book in one hand, when caught, with a stolen piece of silk in the other.

Portland, April 18.—Two brothers named William and Harrison Huntly, residing on a ranch on John Day river, about seventy-five miles from the Dalles, while engaged at work a few days since, became engaged in a quarrel. Harrison had a spade in his hand and struck William with it on the arm. This maddened the latter, and his brother, aware that he made a movement as if to draw a weapon, Harrison then struck him on the head with the spade. The blade crushed the skull, and penetrating the brain produced death in a short time. The murderer surrendered himself to the authorities and was taken to Dalles. He waived preliminary hearing and is now in jail.

The roof of Cooke's new building has been completed. The building will soon be ready for occupation.

The doors are in Judge Marshall's building. Nice doors, too.

The wind rose again to-day, and sprinkled the dust in tantalizing profusion.

Commercial row, between Sierra and Virginia streets, begins to look like business again.

As a mechanical grower, I. T. Benham is a success. Wherever he takes hold things begin to rise.

To-day's being Friday doesn't hinder it from being dust-day. The man that reads this gets a chrome.

Strawberries are selling in Virginia, Europe, and other places, yet none have been seen in Reno. Wherefore?

The eggs in the county jail still refuse to work. In consequence they still rusticate in the noxious recesses of the dungeon.

Strawberry vines are beginning to bloom. By and by we can eat strawberries and cream under our own vine and fig tree.

Truckee lodge No. 14, I. O. O. F., will have a social reunion at their hall on the eve of April 25th. None but Odd Fellows admitted.

R. P. M. Kelly, of the Washoe Nurseries, yesterday shipped some Japanese persimmons to a gentleman in Sacramento. This looks like shipping coals to New Castle.

Pinniger & Queen are to-day moving into their new store in Chamber building, on Virginia street. In a couple of days they will be fixed up in fine style, with a large stock of drugs, perfumery, etc.

The water company have leased the building just vacated by Pinniger & Queen, on Second street. One half of it will be used for an office for the water company and the other by Pierce Evans and Rager Johnson as a law office.

District Court Proceedings.

The following business was transacted in the district court to-day:

State of Nevada vs. Ah Chouey. Time set for passing sentence at 10 o'clock a. m. Monday.

Oscar Allen vs. Jas. Mayberry. Cause argued and submitted. Cause taken under advisement.

Truckee Lodge No. 14 I. O. O. F. vs. Wood & Richardson. Motion made by attorney for plaintiff to correct record. Motion denied.

Court adjourned until to-morrow at 10 o'clock a. m.

WHITE HORSES.

Matrimonial Inquiries and Their Result.

Girls have a sort of superstition among themselves that after counting one hundred white horses, the first man they meet will be scooped into their matrimonial net without fail. A young lady of Reno tried this method of finding her affinity a short time since. The young man whom the hundred white horses pointed out as the victim of manifest destiny, heard of this casting of the matrimonial horoscope and its result, but he laughed it to scorn. He jeered at the magic incantations of girlhood, scoffed, as it were, at any spells Cupid could cast through the medium of a hundred white horses. But by and by he began to feel the spell growing on him, and exerted himself to resist the influence. The lady was young and fair to look upon but he would not allow his right of choice to be infringed upon by any astrological forecast. He laughed himself to hate the girl whom a hundred white horses had declared he must love, cherish and protect. Yet he could not keep her image out of his mind. It haunted him, as Rover's ghost haunts the jail yard. A hundred times a day he would catch himself wondering how she would look in a white veil and orange flowers. In his dreams Destiny, riding a hundred white horses, would read his impending doom in the marriage service. Awakening the subject knaved his remembrance like a canker. He combated the grim superstition with all the force of a strong mind, but without avail. Reason tottered on her throne. His mind could not bear up under its awful weight. He became insane and now he is a raving maniac, who is in continual fear of some calamity, and who babbles constantly of white horses and marriage ceremonies. His case is pitiable, indeed it is fearful.

[Another reporter has been engaged in the event Baker does not soon recover.—Ed.]

Railroad Accident.

A fisherman named Thomas Hitchcock got on train 6 at Verdi last night with the intention of stealing a ride to Camp 30. About two miles west of Verdi he attempted to climb down from a box car to a flat, and fell between the cars. The wheels passed over his left thigh, cutting the flesh some and crushing the bone. He was brought down on the overland this morning, and taken to the county hospital. Dr. Bergman and Hagan amputated his leg to-day, but it is said that there is little hope of his surviving. He is a son of Rev. A. F. Hitchcock, formerly pastor of the Congregational church here. His father has charge of pastorate at Suisun, Cal.

Old Miles, the Prospector.

Old Miles, the prospector, packed his mules this morning and turned his face southward for the red hills and prickly plains of Arizona. He is one of those who believe they will find the mythical "biggest thing" sure. His faith in the treasures, which his pick is destined to uncover, is boundless. He is content when away among the lonely, desolate mountains, searching for the precious metals amid the unsightly, unbroken rocks of the great American desert. To such as he Nevada swears her greatest share of prosperity, and it is to be hoped that he will discover a second Comstock somewhere among the sand hills of Arizona.

Pyramid District.

A gentleman just in from Pyramid district informed a GAZETTE reporter this morning that everything was very dull in that locality. Little or no work was being done, except on the Jones & Kinkadee and the Crown Prince. Most of the claim owners were waiting to see what these two tunnels would uncover. Only two men are at work in the Crown Prince tunnel, which is now in about 600 feet. The Jones & Kinkadee tunnel is in about 400 feet. Two or three men are at work on it, making considerable headway.

Ab Chouey.

The motion for a rehearing in Ah Chouey's case was overruled Wednesday by the supreme court, and he will be hanged unless the board of pardons commute his sentence. Ah Chouey will be called up for sentence on Monday next. As soon as the death sentence has been passed upon him, his attorneys will present his case before the board of pardons for commutation.

Bath Rooms.

Coleman & Peckner will to-day remove their old stand on Virginia street. The building is not entirely finished, but they make this change to accommodate the public with their new bath rooms. Since the fire there has not been a bath room nearer than Steamboat, and the opening of this one will be a great convenience to all.

Representatives to the Grand Lodge.

The following named gentlemen were last night elected representatives to the I. O. O. F. grand lodge by the Reno lodge, No. 19, of I. O. O. F.: J. J. Becker, R. F. Hoy, J. B. Williams, N. J. Roff, E. W. Hayden, H. O. Sheets, J. S. Sheemaker.

Wedding.

The Carson Appeal says: Robert H. Lindsay, of Virginia, was united in marriage to Miss Annie, daughter of General O. C. Batterman, at the state prison yesterday. There were only a few of the intimate friends of the family of the General present.

BUSINESS NOTES.

The shingle roof is being put on Barnett's brick building. A frame building is being put up on the site of the flouring mills. J. L. Lewison will arrive in town with his new stock of goods the first of next week.

The cellar walls of Steele Brothers' and J. J. Becker's building, on Commercial row, are nearly completed. Several car-loads of lumber were today unloaded for J. J. Becker and Steele Bros new building on Commercial row.

Kelster's new tailor shop adjoining Kilburn's store is about completed, and he will move into it next week with a full stock of goods. Burehard & McOlelland have a first-class and neatly arranged stock of fruit and confectionaries at their store on Commercial Row.

Teachers' Examination.

The following ladies and gentlemen appeared before the board of county school examiners to-day and applied for teachers' certificates: Miss Adie Parker, Miss Mollie Grippen, Miss Carrie C. Ballard, Miss Rose M. Wilcox, Miss Josie Wintermantel, Edward Winfrey, A. N. Lowe. The examination will continue through to-morrow, thus keeping five young ladies and two young gentlemen two full days in suspense and torment. The questions propounded are of a general character and are only designed to test the thoroughness of the applicants in the various branches upon which they are questioned. No catch questions will be asked. The examination will be principally oral, as the board held that by this method the tact of the candidate as well as his talent is tested. The opportunity to look at any notes in stray text books is by an oral examination completely avoided. The character of the questions are such also, as to preclude the pernicious practice of cramming. The members of the board have all been teachers, and design to give as fair and as thorough an examination as the limited time will permit. To-morrow the applicants will meet in Mr. Ring's room.

PERSONAL.

Capt. C. G. Lyon, private secretary to the governor, is taking a look at the town on the Truckee. Richard Carman, the well-known Virginia City stock broker, is quartered at the Lake house.

G. H. King, the glove and robe manufacturer of Red Bluff, is registered at the Lake house. Duke Gray, brother to Mrs. Lew Walker, is in town.

L. L. Ricard, the proprietor of the Winemuccia and Paradise Valley stage line, is enjoying Reno's hospitality. Retribution to a First-Class Scoundrel.

A man named Thompson, but known as "Old Seckem," a resident of Plumas county, California, for a quarter of a century, was fatally hurt by the fall of a rock in a mining claim at Dutch Hill last week Wednesday. He has always been a very dissipated man, but would now and then have several hundred dollars that he could account for. After he was hurt, the National says, he made a confession that when a younger man he was an railroad engineer and was hired to throw a train from the track, and succeeded so well that he killed several people and was himself badly injured. He received \$7000 for the job, and ever since when in need of money the eastern parties have forwarded it to him.

Live Journalism.

The Savannah, Missouri, Reporter of April 11th says: Information has been received of an express robbery last week, that has been kept quiet by the express companies, near Reno, on the Central Pacific. The train was taken charge of by a party of masked men and the express car was robbed of \$85,000. Wells, Fargo & Co. do the express business on that road, and it was one of their safe's that was robbed. The amount stolen is said to have been composed chiefly of currency, but that is not certainly known. The robbers escaped and no information has been received of their capture. That editor is a graduate from the Chronicle office.

A Reno Production.

J. L. McFarlin shipped a spring wagon, which was made to order in his shop, to William Jones in Oregon to-day. Every piece of work about the wagon was done in McFarlin's shop, and it is as neat and handsome a piece of wagon work as can be found anywhere. It demonstrates that Reno mechanics can do as fine work as mechanics elsewhere, and is also a straw pointing to the future of the town, when capital shall have utilized her facilities.

Handsome Display.

I. Fredrick has filled up his show cases with jewelry, watches and silver ware of every description. He has a magnificent stock in his line, which shows care and expense in selecting. His jewelry and silverware have been arranged in the show cases with elegance and taste, and show to great advantage.

Raised.

J. H. Kinkadee's house stands on stilts, as it were. It has been raised for the purpose of building a lower story underneath. The lower story will be built of the artificial stone, which is manufactured by I. T. Benham, who has the contract for building.

April Vespers.

[Eugene Field, in St. Louis Times-Journal.] The turtles drum in the pulchre bay. The crickets creak in the prickly hedge. The bullfrogs boom in the paddling sedge. And the whoopee whoops its vulgar lay. Away.

In the twilight soft and gray. Two lovers stroll in the glancing gleam—His hand in hers and her's in his—She blushes deep—He is talking bliss—They hug and pop as they listless roam—They roam—It's late when they get back home.

Down by the little wicket gate, Down where the crociferal ivy grows, Down where the sweet asturium blows, A box-teed parent lies in wait—In wait—For the maiden and her mate.

Let the crickets creak and bullfrogs boom, The whoopees wail in the dismal dell, The tangle thrush will ne'er dispel The planted pain and the rooted gloom—The gloom—Of the lover's dismal doom.

A Curious Fact.

The GAZETTE steam job office is turning out the finest work ever done in the town. New type of the most artistic styles, new cuts, new paper. It is a pleasure to be deemed by a man who gets his bill heads printed in this office.

Chief Engineer's Car.

Assistant Chief engineer Chementals of the Central Pacific road, passed through with his subordinates in a special car this morning going east. He is making a general inspection of the condition of the road.

To the Good People of Reno.

Having entered the field with the balance to contend for a share of the public patronage, it would perhaps be well at the start to state our claims to the above. I am not a sufferer by the fire, as claim no sympathy on that score. I believe it is the duty of the good people to give preference to old residents, provided all things are equal, but if Brown asks fifty cents for what Smith is willing to sell for twenty-five, on the grounds that he is loser by this fire and wants to get even, the trade will naturally go to the latter. Hence I say we have no claim on the people except on those who may wish to economize. If you wish to buy your wife a fine silk dress by all means go to Emrich. If you want a suit of fine clothes go to friend Nathan's or Abrams, but if you want a "goose yoke," rat trap or jack knife go to Yankee Dodge's, where a dollar will buy a basketful. Recollect goods just as square as though sold over a marble counter. A child that can lip out the names of the articles wanted, can buy just as cheap as an expert.

P. S.—Money will be refunded on all goods that do not prove as represented.

Grand Opening.

Mrs. Julia Prescott has returned from San Francisco with a stock of Millinery and Fancy Goods which will be displayed for the first time on Saturday, April 18, in the old stand, next door to the Post office. All of her former friends and customers and the public generally are invited to call and examine her goods. For style and cheapness they cannot be surpassed. The stock is the latest novelties in French and American millinery, and can please the most fastidious taste.

Opened at Last.

I. Fredrick has at last got fixed up in Osburn & Shoemaker's drug store. He has one of the finest stocks of jewelry and silverware ever brought to this State. Mr. Fredrick is a pioneer in this business in Reno, and as such is fairly aware of the wants of the people of this vicinity. Call and see him, and you can be sure you will be well treated.

A Pioneer in the Business.

If your watch gets out of order take it to I. Fredrick, the pioneer jeweler of Washoe, and he will soon have it put in running order, and further, if you want anything in the jewelry line you can find a large and elegant stock to select from. He can be found in Osburn & Shoemaker's drug store, Commercial Row.

Two Fire Proof Stores.

L. Wintermantel will add a story to the new Centre street and use it for a lodging house. The two rooms in the lower story, 33 by 72 feet, will be rented for stores. There is a good cellar under the whole building.

Ready for Business.

J. Prescott has returned from San Francisco with a large stock of Dry Goods which he will begin to unpack on Friday, April 18th. He cannot be undersold, and his goods are the best to be had in the market.

A Good Man Coming.

I would most respectfully inform the ladies of Reno that I shall open here within the next two weeks with an elegant stock of Dry Goods, etc.

Paints and Oils.

F. B. each has received a big stock of Paints, Oils, Glass, Licks, Nails and all kinds of building material, which he will sell over than ever before in Reno. Give him it call.

For Sale.

At the Reno Nursery, Reno, Nev., 100,000 FRUIT AND SHADE TREES. I will sell hereafter by the hundred FOR CASH, at the Nursery for one-half the usual price.

Will Open.
